For many years, we have referred new female clerical personnel to temporary accommodations at Meridian Hill Hotel on Sixteenth Street but for some time have been increasingly concerned for the well being and safety of young women in that area.

In late September 1965, we discussed our problem with a representative of [] Realty Company who agreed to explore possibilities for setting up some sort of dormitory arrangements which could be scheduled to accommodate new clerical personnel when they first report for duty. As the result of these discussions and with approval of the Office of Security, we have completed such an arrangement with the management of the [] which is within easy walking distance [] Two or three of our young women share an apartment with light housekeeping facilities at a cost of \$2.50 per night. About thirty could be accommodated in this fashion at one time. At present, five are staying at [] From all reports, the arrangements are entirely satisfactory.

We have also made tentative arrangements to channel any overflow above the accommodations available at [] to [] [] which is also under the management of [] We do not expect such an overflow until the period of peak clerical input in the spring. In the meantime, we plan to refer young male EOD's to [] if we can do so on the basis of a similar arrangement. These young men have been paying a minimum of about \$4 per night for temporary accommodations.
